

## **Course Objectives for the Five Minute Box Training**

### **Awareness**

To develop an awareness of specific learning disorders that create a barrier to learning phonics.

### **Rationale:**

To understand how the Five Minute Box meets the learning needs of pupils struggling to learn phonics.

To examine how the Five Minute Box meets the requirements of the Code of Practice 2014 managing it as an inclusive learning tool and an intervention.

### **Hands on Experience**

To examine the content of the Five Minute Box including the resources, teaching manual and evaluation sheets.

To learn how to teach a phonics lesson using the Five Minute Box, modelled by a specialist teacher, and to show confidence in delivering it independently.
